AEROSOLS

Air Freshener, Odor Counteractant Cinnamon Spice & French Vanilla

These are industrial strength air fresheners and deodorizers. Actual odor counteractants in a concentrated formula penetrates hard to reach areas, dispelling odors of smoke, must and mildew. Leaves the area fresh and pleasantly scented. Applications: Can be used wherever freshening is needed.

Ant & Roach Spray

A residual insecticide for both indoor and outdoor use. Kills flies, mosquitoes, gnats, cockroaches, and garden insects. Kills lice and louse eggs on garments and bedding, including mattresses and furniture that can neither be laundered nor dry-cleaned. Also kills houseflies, fruit flies, wasps, hornets, bees, black flies, skipper flies, blow flies, small moths, water bugs, palmetto bugs, silverfish, firebrats, crickets, scorpions, spiders, millipedes, centipedes, sow bugs, ants and ticks. EPA Registered.

Baseboard Stripper

An industrial strength cleaner for removing wax build-up, stubborn soil and scuff marks from floors and baseboards. Fast acting with a low odor this product clings to baseboards for more effective action. Applications: Use on floors and baseboards.

Citri-Solv

The only environmentally safe solution to cleaning and degreasing metal surfaces. Contains industrial strength proportions of natural citrus solvent. Non-corrosive and 100% biodegradable. Foaming action attacks stubborn areas and quickly removes encrusted dirt, grease, oxides and other contaminants including adhesives. Applications: Use on metal, porcelain, Formica, enamel, hard plastic, engines, exhaust fans and ducts, gears and gear drives, industrial machinery, mechanical devices, metal stampings and framework, meters, hydraulic equipment, stainless steel, work benches, grills and hoods, printing presses, tools, counters, cabinets and more.

Contact Clean

A CFC-FREE fast acting, fast drying, industrial grade solvent designed for cleaning and degreasing all types of electrical contacts, switches and controls. Applications: Contacts, Controls, DP Equipment, Electrical Interfaces, Electro-Mechanical Assemblies, Medical Equipment, Memory Discs, Metal Contacts, PCB Connectors, Potentiometers, Precision Valves, Printed Circuit Boards and Relays, Radios, Switches, TV Turners and much more.

CRT Cleaner

This professional strength C.R.T. cleaner is specifically formulated to clean, polish and dissipate electrostatic charges on terminal screens. Eliminates dust attraction and dirt build up. Removes dirt, grease, ink, nicotine, fingerprints, dust and carbon deposits. Application: Use on C.R.T. screens, scopes dial faces, keyboards, glass, Plexiglas and plastics.

Envirosol

A powerful, quick acting, quaternary hospital disinfectant and deodorant effective against Staphylococci, Streptococci, Salmonella, Pseudomonas, Influenza A1, mold and mildew. Kills HIV-1 virus (AIDS virus) and Herpes Simplex Virus II on pre-cleaned surfaces or objects previously soiled with blood or body fluids. Prevents and controls odor causing mold and mildew. Can be used as a deodorizer. Designed for use by hospitals, health care centers, schools, nursing homes, daycare centers, health clubs, hotels, motels and restaurants. EPA Registered.

Flying Insect Killer

Fast-acting Tetramethrin space spray insecticide. This fine-spray mist is cherry scented and has low fallout. Effectively kills flies, mosquitoes, moths, gnats, cockroaches, ants, crickets, carpet beetles, fleas, certain ticks and many other flying and crawling insects. Excellent for garden and patio use. Kills flies, gnats, hornets, mosquitoes, ants, spiders, ticks, fleas, roaches, wasps, and yellow jackets.

Foaming Citrus Cleaner

This orange powered, all-purpose cleaner is ready-to-use and ideal for cleaning hard surfaces. Heavy-duty detergents and cleaning agents allow quick removal of grease, dirt and grime. Citrus Foam clings to surfaces for more concentrated cleaning and it easily wipes away. Features a 360° valve for complete product usage. Use on ceramic tile, painted surfaces, woodwork, metal, Formica, fiberglass, vinyl, chrome and stainless steel.

Germaway Plus

A quaternary foaming cleaner that disinfects and deodorizes. Effective on Pseudomonas Aeruginosa, Salmonella choleraeuis, Staphylococcus aureus, mold and mildew and Virucidal against HIV-1 (AIDS Virus) and Herpes Simplex Type 2. Just spray and wipe; no rinsing required. Foamy spray clings to vertical surfaces without dripping. 360° spray-anyway valve makes application even easier. Can also be used on counter and tabletops, enamel-painted surfaces, tubs, grouting, tile, bathroom fixtures, vinyl and leather surfaces. Fresh pine scent. EPA Registered.

Glass & Surface Cleaner, Non-Ammoniated

A glass and plastic cleaner, which protects the surface from fingerprints and static electricity. Invisible anti-fog, anti-static cleaner resists fingerprints, dirt, dust and lint. Great for use on display cases and glass doors where fingerprints are a problem. Ideal for use on glass, Plexiglas, mirrors, chrome, stainless steel, acrylic, fiberglass, lexan, Formica, face shields, safety glasses, computer monitors and other non-porous surfaces. Features a 360° valve for complete product usage. Can be private labeled for computer use.

Gum Off

An effective way to remove gum, putty, candle wax and other gummy substances from: carpets, wood panels, floors, chairs, desks and all types of fabrics. Freezing action occurs more quickly than with conventional refrigerants.

Flammable

Lemon Crème Wax Furniture Polish

This premium quality product maintains the beauty of fine furniture. Cleans smudges, smears and prints while leaving durable gloss sheen. Pleasantly scented, dusts, cleans and waxes in one step. Adds new life to both dark and light wood furniture. Imparts a fine polished look without tedious rubbing. Applications: Use on walls, paneling, cabinets, furniture, desks, chairs, sculptures and more.

Oven & Grill Cleaner

A powerful and effective spray-on / wipe-off cleaner. Superior foam stability allows for extended contact time.

Effective on both warm or cold ovens, grills and drip pans. Removes caked-on and heavily burnt grease. Safe on appliances when used as directed. Safe on ceramic, porcelain and chrome. Not for use on aluminum. Perfect for bar-b-cue grills.

Penetrating Oil

Super fast acting penetrating solvent and oil will cut through rust and travel into hard to reach areas allowing easy removal of screws, nuts and bolts. Penetrates, lubricates and protects. Application: Use to free rusted nuts, bolts, studs and other parts. As a rust and corrosion preventative, spray on machinery, equipment, tools, motors, guns and parts prior to prolonged storage.

Rug & Upholstery Cleaner

A powerful carpet spotter for stubborn spots and stains. The inverted valve allows the can to be sprayed upside down, making application accurate and easy. Ideal for maintaining high traffic areas. Will reduce clean-up time.

Water-based formula. Pinpoint accurate valve system allows for spraying spots without bending over. Great to use before extraction cleaning.

Safety Solvent

A non-flammable, non-conductive industrial strength solvent. Instantly penetrates and dissolves grease, oil, tar, wax, dirt and other soils. Dries quickly and leaves no residue. Applications: For use on electric motors, generators, oil burners, fans and ducts, typewriters, electrical equipment, in-line equipment, hand and machine tools.

Silicone Mold Release

Silicone Mod Release, when applied to molds, increases production in all molding, operations. Allows easier parting of molded parts. Special spray valve points can in the correct position to avoid waste and releases a soft, even spray pattern covering more surface area. Higher silicone content allows more cycles per application, saving you time and expense.

Silicone Spray

An all-purpose concentrated silicone lubricant. Prevents items from sticking and squeaking. Retards rust and tarnish. Protects and waterproofs. Preserves rubber parts prolonging their life. Speeds processing in heat sealing, packaging and processing machinery. Applications: To stop squeaks, spray on hinges, latches, fan belts, car doors, locks and rubber moldings. Use to lubricate drawers, doors, window locks and screens. Spray on lawn mowers, garden equipment and snow blowers to prevent grass, dirt and snow from sticking. Use to protect and waterproof ignition systems, plugs and distributors.

Spray Grease White Lithium

A special white lithium spray grease with handy extension tube for pinpoint accuracy to be used for anywhere there is a need for grease. This grease is white in color, which makes it clean to use. White lithium grease can be used anywhere because of its extreme temperature characteristics. White lithium grease lubricates steel-to-steel. Leaves a long lasting protective grease that defies friction, rust and corrosion. This will not freeze or melt.

Smart Duster

This general purpose duster uses the latest in HFC technology to deliver powerful blasts of dry, microscopically clean, inert gas while offering Zero Ozone depletion potential. Applications: Audio/Visual Equipment, Automated Office Equipment, Film, Graphic Arts, Keyboards, Laboratory Equipment, Optical Surfaces and Photographic Equipment.

Stainless Steel Cleaner, Emulsion

A water-based emulsion that cleans and polishes without build-up. Removes fingerprints, grease, water spots and cooking film from metal surfaces. Ideal for use on stainless steel, chrome, aluminum, brass and copper. Use on restaurant and office equipment, ovens, freezers, and other appliances. Pleasant lemon scent. Great for water coolers and sinks. Approved for incidental food contact.

Stainless Steel Cleaner, Oil Base

Oil based professional strength stainless steel cleaner. Brightens and polishes stainless steel. Removes spots created by water and oils. Will not rainbow or accumulate a heavy build up. Surfaces will remain cleaner longer because there is no residue film to attract soil. The gloss is renewed and will be retained. This product can be used on chrome, brass, aluminum and copper. USDA authorizes this product for use in federally inspected meat and poultry plants. Applications: For use on handrails, light switch plates, desks, stainless steel elevators and doors, restaurant and cafeteria equipment. Can also be used on cars, trucks, motorcycles, engines, bicycles, boats, trailers, sporting equipment, guns, knives, jewelry, and many other applications.

Super Vandal Mark Remover

A special blend of solvents combined to be strong enough to remove all marks of graffiti without harming the original surface. The unique formula simplifies cleaning tasks, which in the past have been difficult and costly. Applications: For use on brick, concrete, cinder block, mortar and other exterior masonry surfaces. Super strength Vandal Mark Remover may also be used on: hard tile, porcelain, glass, steel, ceramics, baked enamel, brass and aluminum.

Wasp and Hornet Spray

This powerful and dependable insecticide kills flying wasps, as well as those on the nest. Product has a 16-foot spray pattern and 41kV Dielectric breakdown voltage. Great for telephone and power crews! Tetramethrin based formula kills wasps, hornets, bees and yellow jackets. Non-chlorinated formula. EPA Registered.

Window and Glass Cleaner

This professional strength window cleaner is specially formulated for institutional, industrial and commercial use. Its powerful formula makes window cleaning fast and easy, without smudging or streaking. Glass surfaces will immediately become clean, clear and polished. It will cling where sprayed without running or dripping. Applications: Excellent for cleaning windows, mirrors, windshields, tile, porcelain, enamel and metal surfaces.

AUTOMOTIVE

Baytown Auto Wash

This is a controlled sudsing product that has been uniquely formulated for automatic washing of cars, trucks, buses, and other vehicles. Baytown Auto Wash is a modern combination of synthetic detergents and emulsifiers, which provides effective cleaning to all vehicle surfaces.

Black Magic

Liquid, foaming, alkaline tire, whitewall, and wheel cleaner. Rich, thick foam holds to surface to add more cleaning power. Aids in removing brake dust and road film. Designed for air injections foam systems

Blue Touchless

Concentrated blue detergent designed for removal of road film and tough grime. Built with higher alkalinity and clinging foam to break up dirt quickly and thoroughly. Dilute to 90:1 or as directed by equipment manufacturer.

Bubble Buddy

Synthetic Detergent formula, safe on all surfaces. Heavy foaming detergent cleans without harsh alkalinity. Great for hand-washing and detail shops. Red concentrate dilute up to 150:1. Pink suds, no fragrance.

Bubbly Suds

Designed for foaming wand/bubble brush applications. Thick, rich blue foam coats the car to clean and break down road dirt.

Bug Buster

Just "wet-it" and "forget-it". Spray Bug Buster on the oldest, driest, most stuck-on bugs you can find. Allow it to dwell for 5 to 15 minutes. Then wash the car, bus, van or truck in the normal manner. All traces of the bugs will disappear.

Clear Shield

This is an all-natural spray wax designed for use in automatic car washes and through a pressure washer. It will give your fleet vehicles that 'just waxed' look with minimal cost and effort. Clear Shield will cause water to sheet and eliminate spotting on all surfaces. Simply spray on the clean vehicle and watch it dry to a sparkling shine.

CR-10 Fiber Sealer

A petroleum based silicone carpet protector that imparts an invisible protective seal against stains to carpet. It also enhances drying and subsequent re-cleaning time. It is impervious to water based stains and re-tracking of dirt. CR-10 can be used to protect upholstery and is much easier to apply than fluorocarbon products. One gallon treats up to 1200 square feet. Dries normally in one hour or less. This product is safe for all carpet or upholstery.

Dry Shine

This is the foaming wax favored by car washes and fleet operators. It evenly applies to all surfaces and causes the rinse water to sheet off for quick drying and a spot-free surface.

Flash

Flash is a high sudsing product for hand and brush washing of cars, trucks and buses. Provides quick cleaning and easy removal of road film and greasy soil from all surfaces without damaging the finish.

Fleet Treat

This concentrated blend of Phosphoric and Hydrofluoric acids provides for maximum reaction with aluminum surfaces. It cleans away road film, soot and diesel streaks from the sides of vehicles. Removes fuel stains from saddle tanks. Brightens aluminum to a clean shine. Makes an excellent #1 step in a two-step system at 60 to 1 dilution.

Glass Splash Plus

A 10-1 concentrate, of our most popular glass and hard surface cleaner. Must be diluted prior to use. Safe on chrome, plastic, Plexiglas, counter tops, stainless steel, etc.

Glisten

A concentrated wash and wax combination cleaner for use on cars, trucks and buses. Removes dirt and grime with ease when used for manual (hand) cleaning. Will not harm wax or polish. High foaming and dries without spotting.

Inner Beauty

This is a ready-to-use dressing for vinyl, plastic and leather interiors of autos and trucks. Gives new life and shine to old surfaces. Replaces lost nutrients. Protects against UV rays.

Magnum

This special blend of acids and detergents will quickly penetrate and release brake dust and accompanying tarnish that builds on chrome and aluminum wheels and wheel covers.

Peek Polish

Cleans, polishes and protects metals, fiberglass and ceramic. Protects against moisture and removes rust, oxidation, watermarks and tarnish.

Peerless Stain Remover

An all-purpose stain remover for Iodine, Beta dine, grease, blood, grass, chocolate, latex paint, oil, grime and catsup. This product acts quickly to turn those problem stains into a thing of the past. Works equally well on carpets, rugs, upholstery and laundry. Just apply directly from bottle to stain. Product instantly starts working and most stains just disappear. For heavy soils some blotting may be necessary.

Tire Beauty

Tire Beauty is a professional strength tire and rubber dressing developed for automotive exteriors, rubber finishing, and tires to prevent drying and cracking while leaving a high, long-lasting gloss. This dressing has been specifically formulated to provide the maximum protection from drying heat, excessive rains, and other elements.

Truck & Panel Wash

This product is formulated to provide maximum cleaning power with minimum cost. It is ideal for use by contract cleaners, fleet operators or commercial service establishments. It has the strength necessary to strip off exhaust soot, grease, and other tough soils that are commonplace on trucks. For use in standard hot water pressure washing equipment, adjust metering equipment to inject the Truck & Panel Wash detergent at a 100-1 rate. Effectively cleans painted surfaces and brightens aluminum panels. Product dilutes 60-1 for most cold-water common applications. (Not for use on polished or anodized aluminum, other soft metals may be etched or discolored. This product may affect painted surfaces that have faded or aged.)

Zip™

This is our hottest, high alkaline, non-butyl cleaner degreaser. Emulsifies oil, fuel or grease on contact (up to 30 times its own weight). Great for use in a pressure washer or as an engine degreaser or floor cleaner. This is a must for garages and machine shops. (Not for use on polished or anodized aluminum, other soft metals may be etched or discolored. This product may affect some painted surfaces that have faded or aged.)

BATHROOM PRODUCTS

Bowl Buster

This is a mixture of detergents and sequestering agents that contains 9.5% hydrogen chloride. It will dissolve mineral stains and organic growth found in toilets. Powerful cherry odor freshens bathroom while you clean.

Germafect™

Unique lavatory cleaner that is highly effective. Contains a special blend of acids, emulsifiers, softeners, fragrance and detergents. Product turns from green to blue when it hits the bowl. Removes most stains in one minute or less. Excellent for jobs never thought cleanable before.

Mildew Stain Remover

Mildew & Stain Remover is a powerful Ready-To-Use chlorinated cleaner and stain remover. This product features a blend of heavy duty cleaning agents that cut through greasy, oily soils and strong dose of chlorine that removes mold, mildew and the dark stains they can leave behind.

New-Tile

This blend of acids and sequestering agents gently dissolves hard water deposit and minerals to clean down to the shine on tile and fixtures. It is safe to use on all normal bathroom fixtures. New-Tile is ready to use and no dilution or mixing is required. Simply spray or mop on and wipe or rinse off.

New-tra Bowl™

A nonacid bathroom and bowl cleaner designed for daily cleaning or for use in areas where acid bowl cleaners are not desired. This product is totally biodegradable, blue liquid with a pleasant scent.

Non-Acid Bathroom Cleaner

Non-Acid Bathroom Cleaner has been specifically formulated to eliminate organic waste and deposits from lavatory and restroom areas. It works quickly to clean up urine, fecal, and vomit residues from toilets, basins, urinals, and porous tiles when used on a regular basis. It also contains complex surfactants to superiorly clean all bathroom surfaces including porcelain and enamel.

Revive™

Revive is an amazingly effective general-purpose non-streaking bathroom cleaner fortified with bacterial enzymes and live colony forming units. They have been especially cultured and hybrid for consumption of soils found in restrooms. Cleans and shines tiles, counters, fixtures, chrome and all bathroom surfaces. This product has a great clean and fresh scent.

Sani-Bowl

This product is a one-step disinfectant that is effective against a broad spectrum of bacteria, is virucidal* (including HIV-1 & HBV) and inhibits the growth of mold and mildew and their odors when used as directed.

Sani Spray

EPA registered disinfectant, cleaner, sanitizer, fungicide, mildew stat, viricide, and deodorizer with organic soil tolerance for medical and non-medical use areas. Will disinfect hard water areas. For hospital, institutional, industrial and school use. Kills HIV-1 virus. As a disinfectant it is effective against a broad range of bacteria including Escherichia coli, Staphylococcus aureus, Shigella dysenteriae, Herpes Simplex Type I & II, Salmonella typhi and Salmonella choleraesuis. Dilution ratio: Ready to use as a bowl cleaner or hard surface disinfectant cleaner (NON ACID).

Sparkle

This is a truly remarkable bathroom cleaner. Special surfactant blends allow this product to clean down to the shine and leave the surface streak-free. Great for porcelain, ceramic, chrome and stainless surfaces in hotels, motels, office complexes, other commercial buildings and health care facilities that want a sparkling shine in their public restrooms.

White Lightening

This product is the answer for all of the most difficult bowl cleaning jobs. It is a highly concentrated hydrochloric acid and detergent blend that will dissolve heavy encrustations of minerals and rust stains on contact. White Lightening is perfect for hard water areas that require constant attention.

BIOENZYMES

Active

Enzyme Spot, Stain & Odor Remover

A bacterial enzyme chemical blend for the removal of coffee, tea and food stains. Product may be used in grease traps and bathrooms to remove disagreeable odors and stains from hard or porous surfaces.

Bacterial Concentrate

5X, 10X , 15X Concentrate

This product destroys odors naturally with this specially formulated combination of bacteria and synthetic enzymes. Because odors are derivatives of incomplete organic waste digestion, it takes more than simple perfumes to completely remove odor. Harvard Chemical Research synergistically blends a variety of bacteria to remain stable and assures you of a fresh product. The finished product, when used regularly, will safely remove organic waste deposits on all surfaces and leave a fresh, pleasant smell. This product can also be used as a drain and trap maintainer while leaving a satisfying smell.

Bacteria Plus

Grease Trap/ Drain Line Maintainer

A genetically enhanced microbial culture blended for use on the elimination of odor problems and unclogging traps, drains and leach fields. The specific cultures work on the problem causing fats, oils, greases and other organic waste. This remarkable product has been reformulated to withstand high temperatures and broad pH ranges. In addition, it is resistant to quaternary disinfectants and bleach. With regular use this product keeps drainpipes and sewer systems smelling fresh and running free.

Enviro GT

Grease Trap Treatment

This product is a special blend of non-pathogenic bacteria that will digest all animal and plant proteins, fats, greases, and oils found in areas associated with cooking and food processing. Under proper conditions, it will eliminate the bio-film inside drainpipes reducing drain odors and insect habitat.

Pet Stainoff

Pet Stain & Odor Remover

A synergistic blend of microbial cultures that are producers of specific enzymes responsible for the break down of urine and fecal matter. These bacteria have been selectively enriched through uric acid environments to survive and digest the toughest urine stains. This product may be diluted 4 to 1 with warm water for spotting, or 1-10 for use in place of standard shampoos or detergents for extremely bad odor problems.

CARPET CARE PRODUCTS

Anti-Static Liquid

This product helps prevent static electricity. Use in pump-up type sprayer or electric atomizer and apply as a fine mist. One gallon covers up to 2000 square feet. One treatment normally lasts all winter for displacing static electricity. Not for use on stain resistant carpeting.

Bone Dry

Bone Dry is a highly effective low moisture cleaner for carpets and rugs including 5th generation nylon. This product is highly effective in hot or cold water and contains emulsifiers that break down dirt, grease, oil, food residue and "wicked back" stains. Bone Dry contains special polymers that engulf and encapsulate dirt, detergent residue and other soils then dries to a brittle non sticky crystal. The crystal and entrapped soils are easily removed by routine vacuuming.

Booster Powder

This is a fast acting additive for use in carpet, upholstery, and hard surface cleaning solutions. It leaves surfaces looking cleaner and brighter. Mix only what will be used in a short time. Use at a rate of 2-3 tablespoons per 5 gallons of solution for portable and 5 tablespoons per 5 gallons for truckmount units.

CitraZyme™

A powerful liquid emulsifier booster package that deodorizes while it helps break down oily soils and dirt for easy removal. Product can be added to most cleaners and has a pleasant orange fragrance. Mix 1-2 ounces per gallon of cleaning solution or mix with 10 parts water for use as a deodorizer (contains natural citrus solvents).

Control™

All organic powder is recommended by dozens of carpet manufacturers worldwide to deep clean all types of carpet, including stain resistant carpets. Contains just the right amount of active ingredients to emulsify, absorb and extract soil and spots in one quick application. Carpets stay dry and can be walked on immediately after cleaning. It is excellent for spots, or for keeping traffic lanes clean.

Control Prespray™

An all-purpose prespray designed for use with the CONTROL dry cleaning system. Helps to remove dirt, grease, oil and grime. This product acts quickly to emulsify problem areas prior to cleaning with CONTROL. Spray this ready to use product over those problem areas to improve the cleaning action of CONTROL.

CR-10 Fiber Sealer

A petroleum based silicone carpet protector that imparts an invisible protective seal against stains to carpet. It also enhances drying and subsequent re-cleaning time. It is impervious to water based stains and re-tracking of dirt. CR-10 can be used to protect upholstery and is much easier to apply than fluorocarbon products. One gallon treats up to 1200 square feet. Dries normally in one hour or less. This product is safe for all carpet or upholstery.

CR-30 Bonnet Shampoo

CR-30 is a concentrated shampoo for cleaning both carpet and upholstery. It is recommended for use on all types of commercial carpets. This unique formula out performs other bonnet cleaners hands down. CR-30 is a safer alternative to chlorinated and butyl solvents. Use to clean most wet cleanable upholstery. Carpets stay clean longer because unique "no residue" formula dries to a crystal for easy vacuum removal. Can be used on carpets, rugs, upholstery, and automotive interiors. Use at a rate of 1 part to 30 parts water.

D-Brown-Pro™

TopCare® D-Brown-Pro a mild acid product that removes browning and most tannin stains, neutralizes alkali residues and serves as an overall acid spotter. May be added to cleaning solution to prevent browning.

Enzyme Prespray™

A powerful stain eating, enzyme prespray concentrate for use on carpet and fabrics. Dilute 2 ounces into 1 gallon of warm water (less than 100 degrees F). Apply to carpet or fabric, allow product to dwell for 5-10 minutes. Clean carpet as usual. This product is effective on a variety of tough stains including; blood, grass, cooking fats, shoe polish and cosmetic stains.

Erase™ Traffic Lane Cleaner

This highly effective traffic lane cleaner contains special detergents to remove heavy soil from carpet. Special penetrating agents cut through dirt to restore carpeting to its original brilliance. Its extra cleaning power makes it especially effective on grease spots, oil stains and ground-in dirt. Simply spray or brush over traffic lanes and heavily soiled areas before normal extraction. Makes a great prespray for restaurants or extremely dirty areas when diluted 1 part to 10 parts water.

Extreme

Extreme is uniquely formulated for truck mount units that produce super-heated cleaning solutions. With most extraction shampoos, the surfactant blend will break down or cloud out at extreme high heat. In this formulation all the all the cleaning agents stay active throughout the cleaning process. It is excellent for cleaning residential and commercial carpets. Low foaming. Mix 1¼ pound per 5 gallons for truck mounts.

Flood Ease

Flood Ease is a highly effective odor neutralizer and flood restoration product. The active ingredients in Flood Ease quickly attack odors and the organic matter that cause them, leaving surfaces, fabrics, and carpeting odor free. This product is recommended for use in the restoration of Category I and Category II flooding. A blend of 3 individual odor counteractants have been incorporated for the most effective neutralization possible. Product can be used for both porous and non-porous surfaces.

Flush Out

Urine Decontamination Pretreatment

Flush Out is a mildly acidic pretreatment designed to neutralize, dissolve and liquefy urine salts and heavy urine deposits for easier removal.

Foam Away

Highly concentrated silicone emulsion anti-foam designed especially for a wide range of industrial, institutional, janitorial and municipal foam problems. Excellent for foam control in carpet extractors, sewage treatment plants, textile processing, street sweepers, pressure washers, laundries, floor scrubbers, dishwashing machines, hot vats and any application where excess foam is a problem. Put 1-2 ounces into vacuum hose or may be poured into recovery tank prior to or after foaming occurs.

Free Rinse Pro™

TopCare® Free Rinse is designed for applications where zero residues or the removal of all or as much residue as possible is desired. This product should be added to the rinse water to remove detergent buildup and to control browning. The use of this product should be preceded with the application of a PRESpray detergent, which has been allowed to soak and attack the soil and grease.

Fringe Bleach

This is an easy to mix, color safe bleach for the fringe on oriental and decorative rugs. Simply make a paste or slurry of this powerful powder and brush it into the fringe. Allow the product to dwell. Rinse or extract with warm water.

Fury

Fury has the economy, power and convenience of a powder plus the sophistication of a liquid. The expanded surfactant system in this product cuts through soil and emulsifies grease and oil. Meets specifications for use on stain-resistant carpet. Low foaming. Mix 1 to 2 Tablespoons per 5 gallons of hot water for portables or 1¼ pound per 5 gallons for truck mounts.

Grime Release Pro™

TopCare® Grime Release Pro is a premium concentrated preconditioning carpet cleaner. Up to 32-1 dilution delivers cost effective, high quality carpet cleaning. It is ideal for routine cleaning, with the power to clean heavily soiled carpet. Use in homes, offices, restaurants, anywhere there's dirt, grease and oil.

Haitian Cotton Shampoo

This is an effective cleaner for use on all delicate fabrics including Haitian Cotton, suspected dye bleeders or any natural fiber likely to brown. Gently removes dirt and leaves surfaces clean and smelling fresh. Slightly acid pH helps prevent browning and dye bleed. Can be used with a brush, sponge, or foaming applicator. Use at a rate of 1 part shampoo to 8 parts water.

Heavy Duty Liquid™

Heavy Duty Liquid is a high performance carpet cleaner designed for use in both truck mounted and portable carpet extractors. It quickly removes dirt, grease, oil and grime from carpets. Heavy Duty Liquid is highly concentrated making it the economical choice for professionals. Contains corrosion inhibitors and water softeners to keep your equipment running smoothly. Heavy Duty Liquid leaves carpets brighter, softer and smelling fresh. Use at a rate of 1-3 ounces per 5 gallons of water for portable machine units or 1 quart per 5 gallons of water for truck mounted units. Not recommended for 5th generation nylon.

Heavy Duty Powder™

This powerful product dissolves rapidly to provide a highly effective extraction detergent solution. Built-in water conditioners ensure optimum operation of equipment in virtually all water conditions. Potent emulsifiers, detergents, corrosion inhibitors and buffers ensure trouble-free performance and outstanding results. Use at a rate of 1.25 pounds per 5 gallons of water for truck mounted units or 1-2 scoops per five gallons for portable units, compare to any product on the market for price and quality. Not recommended for 5th generation nylon.

Lx-Plus™

All purpose power liquid carpet cleaning detergent. Works well with hot water extraction, bonnet or rotary shampoo equipment. This fast acting solution goes to work quickly on the heaviest soils. Use at a rate of 1-2 ounces per gallon of water for portable or 1 quart per 5 gallons of water in premix tank for truck mounts and 5-7 ounces per gallon for shampooing.

Milban 1-2-3

A new economical treatment for mold, mildew and odor causing bacteria.

This EPA registered disinfectant/mildewicide is labeled specifically for the treatment of carpet, padding, sub floors, drywall, tackless strip, and frame and trim lumber.

Odor Slam SR™

TopCare® Odor Slam SR is a true malodor Counteractant that refreshes the air and leaves it pleasantly scented.

Odor Slam SR is specially formulated for use on stain resistant carpet. Mix six ounces per gallon of water and add to cleaning solution for mild to severe odor problems. Neutral pH.

Oriental Rug Shampoo

This high foam rug shampoo is designed for the natural wool and jute fibers that support the bright reds, clear yellows and deep blues of quality oriental rugs. Special gentle cleaning agents delicately surround the soil and lift it to the surface. When the rug dries, normal vacuuming will remove it from the carpet. Use at a rate of 1-2 ounces per gallon of water and apply with a brush. Due to the many types of dyes and fabrics, always test in an inconspicuous area.

Premium Extraction Liquid™

TopCare® Extraction Liquid is a powerful cleaning solution in an easy-to-use liquid. Builders and detergents, plus solvents quickly cut through tough soil and leave carpet clean and fresh. It is powerful enough for commercial building and restaurant carpets, yet safe for residential carpet. It is economical; 640-1 dilution for light soil and 320-1 dilution for moderate soil. Cleans in hot, warm, and cold water. Meets specifications for use on stain-resistant carpets. Contains corrosion inhibitors.

Premium Extraction Powder™

TopCare® Extraction Powder is a uniquely formulated carpet extraction detergent. It is excellent for cleaning residential and commercial carpets. Its nonionic surfactant system dissolves easily and emulsifies oily soil. Meets specifications for use on stain-resistant carpet. Low foaming for truck mount and portable carpet extractors.

Premium Olefin Prespray™

TopCare® Olefin is specially designed to pre-treat olefin (polypropylene) fibers. Its formulation of surfactants and builders removes and suspends oily soils, which are strongly attracted to olefin carpet fibers. Cleans deep soil, removes or reduces yellowing and discoloration caused by oil and soil attraction to olefin fiber.

Premium Powdered Defoamer™

TopCare® Powdered Defoamer a free flowing, dry crystalline defoamer that is sprinkled on the carpet prior to cleaning to provide continuous elimination of foam in the recovery tank during extraction.

Pro-Block Fiber Protector™

TopCare® Pro-Block Fiber Protector is a water based stain repellent and soil retardant containing DuPont Zonyl®. Easily applied by spray application. Dries quickly with no solvent odor and little risk of damage to furniture or woodwork. Effective on all carpet fibers and protects from red dye. This product meets or exceeds all manufacturers recommendations.

Pro-choice 2000™

EPA registered, concentrated carpet extraction cleaner, sanitizer, deodorizer for hospital, institutional and industrial use. It is ideal for mold and mildew odor control. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a cleaner sanitizer or 4 ounces of product per 1 gallon of water for use as a topical spray sanitizer deodorizer. Product has a pleasant clean fragrance.

Px Plus™

Px-Plus is a higher pH powder designed for cleaning commercial carpets. It has the punch for cleaning heavily soiled commercial carpets and oxygen bleach for color safe brightening. Use it in truck mounted and portable carpet extractors. Use at a rate of 1.5 pounds per 5 gallons of water for truckmounts or 1-2 tablespoons per gallon of water for portable.

Rotary 128 Shampoo

Rotary 128 is a high foaming, fast drying carpet shampoo that dissolves dirt on contact and suspends it in the foam. Removal of the foam leaves the carpet or fabric with a bright, clean and fresh appearance. Contains grease cutters to effectively remove grease, dirt, and oil from carpets, rugs, upholstery and automotive interiors. Unique no residue formula dries to a crystal for easy vacuum removal. Use at a rate of 1-2 ounces per gallon of water and apply with a rotary brush, bonnet pad or may be used in dry foam extractors.

Soil-Out™

This thick viscous cleaner gently soaks deep into the fiber of the carpet. Use this product around the edges of outside walls, under doors and around heating vents. Carbon bases soils are held tenaciously to the carpet in areas where air passes rapidly through the fibers. This is called a "filtration stain". Apply Soil-Out directly to the area and agitate with a brush or broom. Rinse and extract.

Spin Clean Plus

Spin Clean Plus is a low foam, high solvent shampoo for use with most low moisture systems. Produces very low foam that dries quickly for easy removal. High solvent content speeds drying and effectively removes grease, dirt and oil from carpets and rugs. Use at a rate of 6-8 ounces per gallon of water and agitate with a shampoo brush, bonnet, or pad. Not for use in dry foam extractors.

Stain & Odor Buster

Stain & Odor Buster (SOB) harnesses the natural power of our atmosphere to destroy foul smells and stains without the use of heavy perfumes. When it comes to cleaning this product is one tough **SOB**.

Stainblocker Spray™

Economical water based fluorocarbon stain repellent and soil retardant. Easily applied by spray application. Dries quickly with no solvent odor and little risk of damage to furniture or woodwork. This is effective on all carpet fibers.

Truckmount Descaler

Removes lime, film, calcium carbonate, magnesium carbonate, iron stains and scale from heat exchangers, piping and lines. Improves water heating and flow. Extends life of equipment and is recommended for cleaning stainless steel, aluminum and brass. This product is effective on scale caused by water containing high calcium, magnesium or iron contents.

Upholstery Cleaner

Upholstery Cleaner is formulated to safely clean all wet cleanable upholstery using either extraction or hand cleaning techniques. Neutral pH minimizes chance of browning or dye bleed. As always, test for compatibility before using. Use at a rate of 1 part cleaner to 10 parts water.

Upholstery Prespray

A concentrated blend of detergents, solvents, and builders designed to remove a variety of soils and stains. Removes hair and skin oils with its power packed degreasing action. It extracts surface dirt while brightening the fabric. Special self-neutralizing formula quickly returns to neutral pH to minimize dye bleed and browning. Can be used with a brush or spray applicator. Follow with extraction cleaner, shampoo or just acid rinse. Use at a rate of 1 part prespray to 8 parts water.

Yellow Out**Urine Stain Remover**

A specially formulated product that uses the power of nature from to quickly remove urine stains from carpet and upholstery.

CARPET DYES

Carpet Dyes

HCR Dyeing Products manufactures these specially blended dyes to provide a high resistance to fading and superior adhesion to nylon and wool. This concentrated product will achieve job quality equivalent to that of factory dyed originals.

Available Colors: Dark Brown, Chocolate, Chestnut, Golden Brown, Mink, Taupe, Tan, Brown , Black, Storm, Charcoal, Steel, Grey, Silver, Dark Blue, Navy, Medium Blue, Sky Blue, Mallard, Hunter, Teal, Bordeaux, Burgundy, Wine Red, Red, Dust Rose, Mauve, Lavender, Rust, Burnt Orange, Peach, and Yellow.

Chlorid

Bleach Neutralizer

Chlo-Rid is a dry crystal product that has to be diluted with water to activate it. After diluting, pour product over the bleached area to neutralize any trace of chlorine that remains prior to redyeing carpet. This product will allow carpet to be redyed after it has been bleached by chlorine. May also be used around pools and hot tubs prior to damage to help prevent it from occurring.

Dye Bond

Penetrating After-Dye Protectant

This product is a reactive silicone in a solvent medium for the waterproofing of textiles and for the "locking" of dye onto carpet fibers after a dye process. This product imparts softness to the touch and lubrication when applied to all types of carpet and will not affect dye strikes or consistency in color.

PH Adjust

Alkalinity Reducer & Conditioner

This product is mildly acidic and is primarily used in spot dyeing to speed up the strike rate and also creates an adhesion factor for fibers damaged by ultra-violet rays. May also be used with a dry towel to clean off petroleum-based spotters prior to spot dyeing. Also reduces or removes browning due to over wetting and bleed through of jute backing.

Prep 200

Super Wetting Agent

Prep 200 has been specifically designed to be used in the preparation of carpets before dyeing. Prep 200 is used in the same manner as an extraction cleaner to thoroughly clean carpets and to remove a stain guard protection from the carpet fiber to ensure a thorough and complete dye process. Prep 200 is uniquely formulated to reduce surface tension for the proper penetration of dyeing solutions and is a fast-acting wetting & leveling agent.

Repel

Baseboard & Wall Protector

Repel has been especially designed to protect finishes and to keep carpet dyes from adhering to hard surfaces due to splatters by passes made in the carpet dyeing process. Carpet dyes and colors will wipe off completely when surfaces have been treated with Repel. Repel is non-staining to all hard surfaces, painted or unpainted.

Spot Dyes

HCR Chemist/Colorist formulated these one-step-spot dyes from dyes, which have been time tested and proven to perform. When used properly these spot dyes will effectively match bleached, faded, and pink colored areas to the original color.

Available Colors: Yellow to Beige, Yellow to Taupe, Yellow to Grey, Yellow to Blue, Yellow to Mauve, Yellow to Peach, Pink to Grey, Pink to Beige, Orange to Beige, Silver, Red, Yellow, and Blue.

DISINFECTANT

Bur-Co-Cide 10

Hospital Grade Phenolic Cleaner and Disinfectant

At 1 ounce per gallon of water this product will provide disinfection against Mycobacterium Tuberculosis when used according to directions. Some health care facilities require the use of a Phenolic Disinfectant. This product will meet most specifications for those areas.

Econo San

Non-Medical Disinfectant and Cleaner

Disinfectant, cleaner, sanitizer, fungicide, mildewstat, viricide, deodorizer with organic soil tolerance for non-medical use areas. This product is perfect for institutional, industrial and school use. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a disinfectant or 5 ounces of product per 4.5 gallons of water for use as a sanitizer.

Available with a lemon scent and colored yellow or with a fresh spring scent and colored green.

Lemon Clean 90

Cleaner, Deodorizer & Disinfectant

Lemon Clean 90 is registered as a disinfectant against more classes of pathogenic organisms than any other cleaner in our line. See the label and MSDS for more details. This is a hospital grade disinfectant that has been especially formulated with the end user in mind. With a 64:1 dilution rate (2 ounces per gallon) this product is as economical as it is effective. As a deodorizer this product is unsurpassed.

Milban 1-2-3

Mildewstat for mold control

This product is formulated specifically for use in water damage restoration and for sanitizing carpet against odor-causing bacteria. It is virucidal, fungicidal, and inhibits the growth of mold and mildew, and their odors. This product is suitable for treating carpet, carpet padding, sub-floors, drywall, trim and frame lumber, tackless strip and paneling. This powerful disinfectant also is suitable for use in Category 3 sewer backups and river flooding to treat salvageable materials as well as to decontaminate equipment and tools. EPA approved instructions for these applications.

Neutral pH Disinfectant

Hospital Grade Neutral Disinfectant

This product is designed specifically as maintenance cleaner for high gloss floors in hospitals and other health care facilities. "Neutral pH Disinfectant" will not harm floor finish. It is a highly concentrated germicide disinfectant, cleaner, sanitizer, fungicide, viricide, and deodorizer with organic soil tolerance for hospital, institutional and industrial use. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a disinfectant. It is available in Lemon, Spring Mint, & Pine fragrances.

Parvocide 99

Concentrated Disinfectant for Parvo

Parvocide 99 is a concentrated, multi-purpose, neutral pH, hard surface disinfectant which cleans, disinfects, and deodorizes in one convenient step and has been uniquely formulated to kill a broad range of microorganisms that cause diseases that can be passed from one pet to another. When keeping and raising pets within the home and in breeding facilities and kennels, it is imperative to keep all areas that come in contact with pets in clean and sterile conditions. Parvocide 99 is designed to kill viruses and bacterium associated with canines and felines such as Canine Parvovirus, Salmonella choleraesuis, Staphylococcus aureus, Escherichia coli, Pseudomonas aeruginosa, Pathogenic fungi and Trichophyton mentagrophytes.

Pine Fresh

Pine Oil Disinfectant

Quat plus powerful pine oil in a disinfectant, cleaner, sanitizer, fungicide, mildew stat, deodorizer with organic soil tolerance for medical and non-medical use areas. Will disinfect in hard water areas also. For hospital, institutional, industrial and school use. Dilution ratio: 2.5 ounces of Pine Fresh per 1 gallon of water for use as a disinfectant or 1 ounce of Pine Fresh per 1 gallon of water for use as a sanitizer.

Prochoice 2000™

Sanitizing Extraction Cleaner

EPA registered, concentrated carpet extraction cleaner, sanitizer, deodorizer for hospital, institutional and industrial use. It is ideal for mold and mildew odor control. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a cleaner sanitizer or 4 ounces of product per 1 gallon of water for use as a topical spray sanitizer deodorizer.

Product has a pleasant clean fragrance.

Sani Bowl

Disinfectant Bathroom Cleaner

This product is a one-step disinfectant that is effective against a broad spectrum of bacteria, is virucidal* (including HIV-1 & HBV) and inhibits the growth of mold and mildew and their odors when used as directed.

Sani Clean

RTU Cleaner, Deodorizer and Disinfectant

Sani Clean is an EPA registered cleaner, disinfectant, fungicide; mildew stat, viricide and a great deodorizer. Powerful cleaning agents make this the perfect disinfectant cleaner for all hygienic areas. Cuts through grease and other soils like no other disinfectant cleaner. When used as directed, this product will destroy even the tough TB bacillus. Perfect for general cleaning use and hospitals, clinics and doctors offices.

Sani Glow

Hospital Grade Disinfectant – Detergent

This is our lowest cost (in use dilution) germicidal cleaner. It is a highly concentrated disinfectant, cleaner, sanitizer, fungicide, viricide, and deodorizer with a high organic soil tolerance for hospital, institutional and industrial use. Dilution ratio: ½ ounce of Sani Glow per 1 gallon of water for use as a disinfectant or 1 ounce per 4 gallons of water for use as a sanitizer.

Sani Quat

Dual Quat Disinfectant Sanitizer

This is not a Cleaner. It is a "spray-on" or "soaking" disinfectant, sanitizer, fungicide, and viricide, for medical and non-medical use. For sanitizing in food service, institutional, industrial, dairy facilities, use 1 ounces of product per 4 gallons of water. For use as a disinfectant in the health care industry, use 3.5 ounces of product per 4.5 gallons of water on a previously cleaned surface.

Sani Spray

RTU Disinfectant Cleaner

EPA registered disinfectant, cleaner, sanitizer, fungicide, mildew stat, viricide, and deodorizer with organic soil tolerance for medical and non-medical use areas. Will disinfect in hard water areas. For hospital, institutional, industrial and school use. Kills HIV-1 virus.

Ultra Pine 80/20

80% Pine Oil Disinfectant

This is an excellent disinfectant cleaner that contains 80% pine oil. Ultra Pine is a heavy-duty cleaner, disinfectant and deodorizer, leaves a lasting fresh smell. *Effective against gram-negative household germs, such as those causing Salmonellosis (food poisoning).

FOOD SERVICE PRODUCTS

Acid Rinse Aid

Scale Control & Drying Enhancer

This product is a heavy duty, acid based rinse aid for use in hard water areas or for use on fast scaling equipment. It helps to control scaling while providing a quick drying time.

Bakery Pan Wash

Heavy Duty Pan Detergent

This product is a highly concentrated heavy-duty liquid detergent with high strength alkalis for use in mechanical pot and pan washers. Its non-foaming properties make maximum wash pressure possible for superior cleaning results. Safe for use on aluminum, pewter and other soft metals and tough enough to remove food soils and staining from glass, china, plastic ware, utensils, flatware, etc. Excellent for use in high or low temperature machines.

Blue Diamond

Advanced Formula Detergent

This product is formulated with the new "grease capturing" cleaning agents. It is the commercial strength version of the popular blue consumer item. Cleans pot after pot and will still be able to degrease a crystal glass without a problem.

Choice

Chlorinated Detergent

Heavy-duty chlorinated liquid detergent for use in all water conditions. Strong enough to remove dried on soils. Can be dispensed directly from shipping container. Prevents scale formation on dish machine walls and is chlorinated for use as a sanitizing cleaner. Chlorinating allows this product to be used also as a de-staining cleaner.

Deep Fat Fryer Cleaner

Powdered Fryer Cleaner

This heavy-duty powder is designed for fryer cleaning. Removes heavy grease and carbon deposits. (High alkaline)

De-Scaler/De-Limer

Lime, Film & Scale Remover

Removes lime, film and scale from most washable surfaces. Recommended for cleaning ware washing machine interiors, stainless steel, and glassware. Effective on stains and soils containing high calcium, magnesium or iron content. 40% Acid.

Fly Begone™

Insect Deterrent

A fast acting dumpster and trash can deodorant that repels flies and mosquitoes. Fly Begone can also be used around patios and backyards or wherever flies and mosquitoes are a problem — insects stay up to 50 feet away. This well built product works quickly and effectively on many surfaces. Concentrated and fortified with citronella Java oil.

Foam Kleen

Self-Foaming Alkaline Cleaner

This is a self-foaming cleaner with clinging action. It is non-chlorinated and designed to penetrate and remove oil, grease, blood, sugar and flour from general processing equipment. It is safe on aluminum and other soft metals as well as painted surfaces. Contains biodegradable surfactants. The pH is less than 12.5

Foam Kleen Plus

Self-Foaming High Alkaline Cleaner

This is also a self-foaming cleaner with clinging action. Though it is non-chlorinated it contains powerful alkaline additives that make it more aggressive than Foam Clean. It is designed for use in smoke houses and high grease facilities that require a heavy-duty product. (Not for use on polished or anodized aluminum, other soft metals may be etched or discolored. This product may affect painted surfaces that have faded or aged.)

Lemon Slam™

Food Service Cleaner and Disinfectant

This is our lowest "cost per gallon" germicidal product. It is designed for food service, institutional, industrial and school use. It is a disinfectant, cleaner, sanitizer, fungicide; mildew stat, viricide, deodorizer with organic soil tolerance for non-medical use areas. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a disinfectant or 5 ounces of product per 4.5 gallons of water for use as a sanitizer. Lemon fragrance

Mighty Clean

Pot & Pan Detergent

A super concentrated, high quality, pink, pleasant scented, multi use detergent. High detergency and high sudsing for use on all kitchenware, walls and floors. Effective at low use concentrations of 1/4 ounce per gallon water. Non-abrasive and easy on the hands. It's lotionized! May also be used as a mild, general cleaner in the food prep area. Non-toxic and biodegradable.

Multi Purpose Detergent

Non-Chlorinated

This non-chlorinated dishwashing detergent is perfect for use in all water conditions. Product can be dispensed directly from shipping container. Prevents scale formation on dish machine walls and is strong enough to remove dried on soils.

Multi Purpose Rinse

Eliminates Spotting & Streaking

A heavy duty rinse aid concentrate for controlled injection into the final rinse of industrial spray washing machines. Speed drying while eliminating spotting and streaking. Designed specifically for low temperature machines.

Oven Cleaner

Heavy Duty Oven Cleaner

Effective on greasy food soils and baked on deposits. Removes grease and carbon deposits from grills, ovens, fryers and hoods. Leaves stainless steel shining. Use with hand sprayer or dip tank. High pH.

Pine Impact™

Pine Oil Cleaner

A multipurpose, pine oil cleaner designed for use in almost any area. This is a highly concentrated product that can be used in a variety of applications. At 1 ounce per gallon, use cost is extremely economical.

Premium

Chlorinated Powdered Detergent

A high quality, metal safe, chlorinated, powdered dish detergent for use in automatic dish machines. Product is safe on aluminum, glass and fine china. Available in as small as two (2) pound bags, and up to a five hundred (500) pound drum.

Sani Foam

Chlorinated Alkaline Cleaner

This is a high alkaline chlorinated cleaner that is designed to remove fatty and proteinaceous soils from processing equipment. At the recommended dilution rate, this product is safe for use on all metal and painted surfaces. At dilution, this product delivers over 1,000-ppm chlorine.

Shine

Lemon Scent Pot & Pan Detergent

Super concentrated, high quality, yellow, lemon scented cleaner. High detergency and high sudsing for all kitchenware, walls and floors. Effective at low use concentrations. Non-abrasive and easy on the hands.

GENERAL PURPOSE PRODUCTS

Ammoniated Cleaner

Multipurpose Ammoniated Cleaner

This uniquely formulated, fast acting industrial cleaning compound was developed to penetrate and dissolve dirt, oil, grease, grime, and old floor finishes from many surfaces with great ease. Ammoniated Cleaner is highly concentrated and is fortified with ammonia for effective cleaning and easy applications.

Blast-It™

Super Heavy Duty Cleaner / Degreaser

A super heavy duty, butyl-alkaline cleaner and degreaser with a pH of 12+. Works great to remove grease, grime and dirt. This product is safe for use on all hard surfaces not affected by water. Product may be diluted with as much as 200 parts water.

Break Up Coil Cleaner

Alkaline Coil Cleaner

Break-Up Coil Cleaner is a concentrate chemical solution with special wetting and foaming agents, which make it extremely effective cleaner for evaporator and condenser, coil surfaces. Break-Up is a high foam cleaner that clings to the coil surface for required contact time.

Citrus Stuff RTU

All Purpose Cleaner

This is an environmentally friendly water based product, fortified with natural citrus terpenes to cut grease and grime quickly. In addition, Citrus Stuff will deodorize in one easy step leaving a fresh, clean, citrus aroma. Perfect for Kitchen, Restaurant and institutional use. Just spray, allow to dwell, then wipe clean. Special detergents eliminate the need for rinsing and leave the surface sparkling bright. No film - - - No haze.

Conquer

Citrus Solvent Degreaser

Conquer is a safe, citrus solvent-based product for use on all types of surfaces. It instantly removes ink, tar, asphalt, gum, wax, grease, soap scum, adhesives, forklift tire marks and much more. This unique formulation can also be used in sinks, grease traps, and drains to prevent or remove grease buildup or foul odors from solid waste. This product is specifically designed to be versatile in application and allow for multiple areas of use such as residential, commercial, industrial, and institutional facilities. Conquer is completely organic and is a great alternative to harsh solvent cleaners and is environmentally friendly.

D-Grez-R

Aggressive Ammoniated Degreaser

Ammonia provides the cleaning power for this aggressive detergent. It is excellent for a general-purpose degreaser in an industrial or commercial facility.

De-Zov-All

Tar Remover

The power of Citrus Oil will dissolve even the toughest asphalt, tar and grease spots. For fastest operation, use this concentrated product straight on the tar and grease. It will not harm automotive type paint or chrome.

Extra

Butyl Alkaline Cleaner / Degreaser

An aluminum safe solvent based cleaner and degreaser with a pH of 12+. Works great to remove grease, grime and dirt. Product may be diluted with as much as 50 parts water. Excellent for use as a general purpose cleaner in an institutional or commercial facility.

Glass Force™

Ammoniated Glass Cleaner

Glass Force is an ammoniated, ready to use glass and window cleaner, containing anionic detergents. Excellent non-streaking cleaner for windows, mirrors, display cases. Can be used to clean any surfaces not harmed by water. Safe on Plexiglas, sneeze guards, counter and table tops, chrome and plastic. Simple to use. Spray on surface wipe dry with clean cloth or towel.

Glass Splash™

Ready To Use Glass Cleaner

This is a ready to use glass and hard surface cleaner powered by a blend of anionic detergents. Excellent, non-streaking glass cleaner. Safe on chrome, plastic, stainless steel, Plexiglas or counter tops.

Glass Splash Plus™

Concentrated Glass Cleaner

A 10-1 concentrate, of our most popular glass and hard surface cleaner. Must be diluted prior to use. Safe on chrome, plastic, Plexiglas, counter tops, stainless steel, etc.

Grease Shatter™

Non-Solvent Cleaner / Degreaser

This is a caustic non-butyl cleaner and degreaser that leaves an invisible temporary shield, which discourages bacteria growth on hard surfaces. A most versatile cleaner for food service operations. It will cut through some of the most tenacious burnt grease and soil. Can be used at various dilutions, depending on the degree of soil to be removed.

Neutral Cleaner

All-Purpose Neutral Cleaner

A neutral, synthetic detergent, multipurpose cleaner designed for use on VCT floors, terrazzo, ceramic tile or general cleaning. Used under normal conditions, this product will not cloud floors or strip the existing finish.

Orange Action™

Citrus Fortified Degreaser

Heavy duty, biodegradable, citrus-oil solvent based cleaner and degreaser. Works great to remove grease, grime and dirt while leaving a pleasant orange scent. This product may be diluted with as much as fifty parts water. Does not turn white when diluted. Very stable in solution. Excellent for use in a pressure washing system.

Pine Impact™

Pine Oil Cleaner

A multipurpose, pine oil cleaner designed for use in almost any area. This is a highly concentrated product that can be used in a variety of applications. At 1 ounce per gallon, use cost is extremely economical.

Powerhouse™

Heavy Duty Butyl-Caustic Cleaner / Degreaser

This product is a heavy-duty cleaner/degreaser. Its multi-purpose formula is non-flammable, water soluble, and contains butyl degreasers, which are incorporated into an advanced chemical soil remover. It will effectively remove a wide variety of soils common to industrial, institutional and commercial facilities including grease, oil, dirt, soot, food, light rust, and beverage stains. May be used in and around kitchens, manufacturing plants, power plants, automotive repair shops, printing plants, and warehouses. This is our best cold-water pressure washer cleaner and degreaser. (Not for use on polished or anodized aluminum, other soft metals may be etched or discolored. This product may affect painted surfaces that have faded or aged.)

Powerhouse LF

Low Foam Cleaner For Scrubbers

This product is a heavy duty multi-purpose cleaner and degreaser effective on the most stubborn soils found in and around kitchens, manufacturing plants, power plants, automotive repair shops, printing plants and warehouses.

Zip™

Non-Butyl Cleaner / Degreaser

This is our hottest, high alkaline, non-butyl cleaner degreaser. Emulsifies oil, fuel or grease on contact (up to 30 times its own weight). Great for use in a pressure washer or as an engine degreaser or floor cleaner. A must for garages and machine shops. (Not for use on polished or anodized aluminum, other soft metals may be etched or discolored. This product may affect painted surfaces that have faded or aged.)

HAND SOAPS

D'Pearl

Pearlized Hand Soap

This pearlized hand cleaner is made from a blend of specially selected ingredients that will not only cut tough dirt and grease, but will leave hands soft and velvety to the touch. It contains no irritating impurities that will crack or dry skin, yet it cleans thoroughly. This product's special formula is designed for efficient and thorough cleaning. Even after repeated use, hands retain their softness. This concentrated liquid detergent provides excellent cleaning for grease, grime, and dirt.

Essence

White Coconut Hand Soap

We have taken the gentleness of coconut oil and added sophisticated detergents to produce our highest-grade natural hand soap. A soft fragrance of the islands freshens our hands.

Handisep

Bacteriostatic Hand Soap

A thick, bacteriostatic, pink lotionized hand soap for areas where control of bacterial contamination is a problem or a major concern. It is pH stabilized to prevent chaffing and dry skin problems.

Tough Soap

Heavy Duty Hand Soap

Goldenrod colored, pleasant scented, industrial quality degreasing hand soap designed for plants and maintenance areas where grease is a problem. Heavy-duty emulsifiers allow this product to work quickly to remove grease and grime.

Velvet

Pink Lotionized Hand Soap

A high quality, thick, pink lotionized hand & body soap that is gentle on the skin for everyday washing. Packaged for pouring into bulk soap dispensers.

HARD FLOORS

Blue Floor Scrubber

Auto-Scrubber Floor Cleaner

This is a low foam aggressive detergent for use in an automatic floor scrubber. Suitable for use in warehouse and light industrial plants. It is not recommended for floors with high gloss finishes.

Dust Mop Treatment (S)

Solvent Based Mop Treatment

Solvent based Dust Mop Treatment is a ready-to-use solvent based dust mop treatment that effectively and safely removes dust and surface dirt from all surfaces.

Dust Mop Treatment (W)

Water Based Mop Treatment

Floor Dust Treatment combines mineral oils with specially matched organic compounds. This product works like magnet to actually pull dust out of the air down to the treated floor. This facilitates sweeping for quick efficient clean up.

Executive

25% New Generation Floor Finish

A modern combination of acrylic copolymers metal cross-linked to resist detergents and the scuffing of floors. It is fast laying, quick drying, and its initial gloss is excellent for use in schools, hospitals, or other high traffic areas where high or low speed buffing without powdering is desired. Synthetic detergents and emulsifiers have little effect on this product's gloss and durability. Surfaces coated with this finish will shine even after repeated abuse.

Floor Shock

Acid Floor & Tile Treatment

Floor Shock is a highly versatile blend of acidic and chelating agents for efficient and safe dissolving of soap scum and minerals from variety of surfaces such as tile and masonry .

Linx

Fortified Floor Finish (22% Solids)

A premium thermally responsive metal cross-linked fortified acrylic floor finish. Linx dries to a brilliant gloss and is designed for buffing or burnishing. Linx offers prolonged durability reducing the necessity of frequent stripping operations.

Maverick

Metal Interlock Finish (18% Solids)

An affordable & economical metal interlock floor finish that is easy to maintain, durable and perfect for high traffic areas. Maverick gives one coat clarity with multiple coat durability. Maverick is virtually mistake-free to apply since it does not streak or puddle. The tough final film will not flake or powder and is resistant to heavy wear including scuffs and black marks. It is easily maintained with Low or High Speed Floor Equipment.

Met Mop

Cleaner for High Gloss Floors

Met Mop is specially formulated for today's ultra high gloss floor finishes. Met Mop gently cleans without dulling or softening the shine.

Mop & Buff

Finish Restorer

Cleans and restores finish in one coat. Dilute 8 ounces per gallon of water and mop floor. After product dries it may be buffed or burnished to a high gloss. Helps restore damaged finishes by filling scratches and scuffs.

NASS

Non-Ammoniated Super Stripper

NASS is the most powerful non-ammoniated stripper on the market today. NASS blasts off the most built-up floors easily and quickly. NASS is safe to use on most floors and will make the toughest jobs easy. This powerful stripper works without the use of ammonia and other strong odors.

Neutral Floor Cleaner

Multipurpose Floor Cleaner

A neutral, synthetic detergent, multipurpose cleaner designed for use on VCT floors, terrazzo, ceramic tile or general cleaning. Used under normal conditions, this product will not cloud floors or strip the existing finish.

Neutral pH Disinfectant

Hospital Grade Neutral Disinfectant

This product is designed specifically as maintenance cleaner for high gloss floors in hospitals and other health care facilities. "Neutral pH Disinfectant" will not harm floor finish. It is a highly concentrated germicide disinfectant, cleaner, sanitizer, fungicide, viricide, and deodorizer with organic soil tolerance for hospital, institutional and industrial use. Dilution ratio: 2 ounces of product per 1 gallon of water for use as a disinfectant. It is available in Lemon, Spring Mint, & Pine fragrances.

Onyx

Black Pigmented Floor Finish

Onyx is a waterborne acrylic lacquer-type sealer that delivers high gloss, excellent adhesion, and protection to colored plank and cushioned tiles commonly found in post offices. Onyx provides superior water resistance and dust reduction by forming a smooth, durable topcoat. This premium formulation has been developed as an un-strippable sealer that has been pigmented black to mask tile joints and scratches on the surface of plank tiles. Onyx meets or exceeds all USPS specifications.

pH 7 Floor Cleaner

Finish Safe Floor Cleaner

pH 7 Floor Cleaner is a gentle cleaning concentrate designed for regular damp mopping of floors finished with natural wax or synthetic finishes. Powerful surfactants clean stubborn dirt, and the neutral pH assures that finishes are not softened, dulled or damaged.

Prestige

Low Maintenance Floor Finish (25% solids)

Prestige is a new generation metal cross-linked acrylic copolymer finish that provides the ultimate in durability. It is fast laying, quick drying, and its initial gloss is excellent for use in schools, hospitals or other high traffic areas where durability is critical. Synthetic detergents and emulsifiers have little effect on Prestige. UHS burnishing is required for occasional maintenance.

Red Hot

55% Stripper

A 55% active speed stripper that easily cuts through multi-layers of burnished floor finish. This true, no rinse stripper does not contain potassium hydroxide or sodium hydroxide yet is the fastest working liquefier on the market. Low foaming, no scrub, and no rinse features make this product a must for all professional floor care systems.

Scrub-N-Shine

Automatic Scrubber Renewer

A multiple use finish restorer formulated for high and ultra high speed floor care systems. Scrub and Shine is quick and easy to use. Either mop it on or use through automatic equipment. Scrub and Shine acts as a neutral cleaner as well as a restorer. This unique product will dry to a shine rather than a haze. This makes Scrub and Shine the most unusual and effective product for high maintenance floors. Use it every night and buff just a couple times a week. Eliminates a full labor step as well as eliminating and simplifying additional chemicals or treatments.

Speed Seal

Floor Sealer

Speed Sealer is a slip resistant, essentially odorless, water based product formulated with top quality metal cross-linked polymers, which provide a tough, clear seal. Its penetrating action seals porous tiles and prepares the floor for finishing.

Speed Strip

Non-Ammoniated Stripper

An excellent, non-ammoniated, odorless, no scrub stripper. For stripping use at a ratio of one to four with water. Emulsifies most finishes with ease. For light stripping, product may be diluted as much as 1-10.

Splendid

Premium High Solids Finish (25% solids)

Splendid is formulated with 25% solids to save application time and thus decrease overall maintenance cost. Splendid is a premium metal interlock floor finish that has been tested to exceed industry standards. Splendid produces high quality initial gloss while maintaining excellent durability. It is repairable by conventional spray buffing with low RPM machines with Spray Buff or with a high-speed burnish machine using Mop & Buff or Scrub-N-Shine.

Spray Buff

Finish Extender

This modern formula is designed to work in conjunction with high or low speed buffing procedures. Prolonging the life of the floor finish, this product is non-yellowing, gives a scuff resistant gloss finish and is less labor intensive. Product is clear pink and has a pleasant scent.

Super Strip

Extra Heavy Duty Finish Remover

An excellent, ammoniated, SUPER TOUGH stripper. This product works on all problem areas with no scrubbing unless heavy buildup is apparent. For stripping use at a ratio of one to four with water. Emulsifies most finishes with ease. For light cleaning, product may be diluted as much as 1-20.

Thoroughbred

25% "Wet Look" Finish

A modern combination of acrylic copolymers metal cross-linked to resist detergents and the scuffing of floors. It is fast laying, quick drying, and its initial gloss is excellent for use in schools, hospitals, or other high traffic areas where high or low speed buffing without powdering is desired. Synthetic detergents and emulsifiers have little effect on this product's gloss and durability. Surfaces coated with this finish will shine even after repeated abuse.

Wood Eze

Water Based Urethane Topcoat

Wood-Eze is a water based urethane dispersion wood finish that cures to a high gloss, durable and tough finish. Synthetic detergents and emulsifiers have little effect on this product's gloss and durability.

Wood Kleen

RTU Cleaner for Hardwood

A modern combination of synthetic detergents and emulsifiers, which provide multipurpose cleaning of many surfaces. This product will safely and completely perform all cleaning jobs from damp mopping and light cleaning to removal of greasy soils. A wide range of flexibility allows this product to be used on any surface not harmed by water. This is a low foaming, non-stripping, wood cleaner that requires no rinsing . It contains no acids, abrasives, or strong alkalis.

Workhorse

18% "Wet Look" Finish

All acrylic copolymers metal cross-linked to resist scuffing. It is user friendly, fast laying, quick drying, and its initial gloss is excellent for use in schools, hospitals, or other high traffic areas where high or low speed buffing without powdering is desired. Synthetic detergents and emulsifiers have little effect on this product's gloss and durability. Surfaces coated with this finish will shine even after repeated abuse.

LAUNDRY PRODUCTS

Bleach (Industrial)

12% Sodium Hypochlorite

This is bleach in its purest form. It is ideal for commercial laundries and industrial applications that require maximum bleach strength. NOTE: Not available in gallons or quarts! Available only in 5-gallon pails and 30 & 55 gal drums!

Bleach (Oxygen)

Powdered Oxygen Bleach

This is the commercial / industrial strength version of color safe bleaches on the consumer market. It is also marketed on television as "Oxy" type products. It removes stains brightens whites and is safe for all colored fabrics.

Bleach (Chlorine)

Powdered Chlorine Bleach

This is industrial strength chlorine bleach in powder form. It is perfect for industrial applications and commercial laundry. Sell this product wherever maximum powder and powdered bleach convenience is desired.

Break Off

Builder / Break, Laundry Booster

Break Off is a booster to be added to our regular laundry detergents for exceptionally greasy or soiled laundry. It has special detergents, builders and aggressive cleaning agents not found in laundry detergents designed for everyday commercial use.

Deluxe

Heavy Duty Laundry Powder

This heavy duty, built laundry detergent powder contains water conditioners, optical brighteners and anti-redeposition agents. It is highly effective on sheets, linens, towels and uniforms.

Econo Clean

Institutional Laundry Detergent

This highly economical powdered laundry detergent is specifically designed for institutional use. It has a Fresh Breeze scent. It is ideal for situations where price is a major concern. Econo Clean is safe on all colorfast fabrics and will not leave behind a harsh residue

Knock Out

Built Liquid Laundry Detergent

This is a heavy duty built liquid laundry detergent that contains conditioners and brighteners specifically created for use in commercial applications such as prisons, nursing homes, development centers and other institutions. It quickly cleans the toughest soils and grime.

Laundry Booster

Booster Additive for Laundry

A pleasant odorless organic booster powder, which is designed to be effective in hot or warm water. This heavily built detergent is formulated only for use as a booster additive where the toughest, most troublesome problems exist and is not recommended for fine or delicate fabrics. Laundry Booster is 100% biodegradable, fast acting cleaning agents and is effective on natural and synthetic fibers. Highly concentrated for use in hotels, motels, schools, homes, hospitals and nursing homes.

Pronto

Liquid Laundry Detergent

Pronto is a powerful liquid laundry detergent for effective use in all light commercial and household applications. It works quickly to eliminate the tough soils and stains from all types of fabric and material. Super detergents in conjunction with alkali ingredients thoroughly clean the laundry.

Softy

Sour & Softener

Softy is a dual action fabric softener and alkali residue neutralizer incorporating special chelating agents. It removes all detergent residue while leaving the laundry soft, fluffy and freshly scented.

ODOR CONTROL PRODUCTS

Aromatic Botanicals

Water-Based Odor Control

This odor control product is water-soluble and may be added to cleaning solutions or used as an after-spray treatment. It is a unique blend of water soluble, fragrances designed to provide the cleaner area with a light pleasant smell..

Available Fragrances: Floral Breeze, Granny Apple, Japanese Pear, Lemon Aid, Melon Ball, Mulberry, Plum Blossom, & Wild Cherry.

Deodorants with UltraZyme

Water-Based Odor Control fortified with Enzymes

UltraZyme is a formulation of natural odor digesting enzymes that cling to the odor source and quickly neutralize, digest and eliminate the odor at the source. Use anywhere organic odors are a problem. This is the choice of consumers that want a long lasting malodor counteractant with an extraordinary aroma.

Available Fragrances: Apple Mania, Country Floral, Lemon Jazz, Spring Mint, & Summer Peach.

Deodorants with QuatPlus

Water-Based Odor Control fortified with Quat

The most powerful water based malodor counteractants manufactured today. QuatPlus is a unique blend of quaternary malodor counteractants that permanently eliminate odors at the source. It is not just a cover up. This product is recommended for use in restrooms, hotels, office buildings, and anywhere malodors exist. Tough urine and organic odors can be made "simple to remedy" with the use of this powerful malodor counteractant. Add six ounces per gallon of water in extraction and mopping solutions for thorough odor neutralization.

Available Fragrances: Bubblegum, Cherry Bomb, Cinnamon Spice, Floral Burst, Orange Blossom, & Vanilla Bean.

Fly Begone

Insect Deterrent

A fast acting dumpster and trash can deodorant that repels flies and mosquitoes. Fly Begone can also be used around patios and backyards or wherever flies and mosquitoes are a problem — insects stay up to 50 feet away. This well built product works quickly and effectively on many surfaces. Concentrated and fortified with citronella Java oil.

Odor-Ban

Light Fragrance Malodor Counteractant

This is a malodor counteractant for those people that do not want an identifiable residue odor in their facility. This is not a cover-up. True odor counteracting molecules encapsulate and oxidize the odor causing molecules to present a neutralized sensation in the air. Great for freshening up a room! Can be used to temporarily eradicate odor in a cancer patient room.

Odor Destroyers

Solvent-Based Odor Control

This product is a proprietary formulated blend of solvent soluble, malodor counteractants and fragrances designed to deliver the maximum in odor neutralizing capabilities for those extreme circumstances. These products are ideal for thermal fogging. Products can also be used in applications where water based or bacterial enzyme products are inappropriate, use undiluted, at a ratio up to 1 gallon per 4000 square feet. Apply with an electric fogger or pump type sprayer for best results. Care should be taken to test on a scrap of carpeting prior to use.

Available Fragrances: Cherry, Cinnamon, Cream Sickle, Green Apple, Lemon, Orange, Rose, & Vanilla.

Odor Slam SR

Malodor Counteractant

TopCare® Odor Slam SR is a true malodor counteractant that refreshes the air and leaves it pleasantly scented. Odor Slam SR is specially formulated for use on stain resistant carpet. Mix six ounces per gallon of water and add to cleaning solution for mild to severe odor problems. Neutral pH.

Pro-Smoke™

Smoke Odor Neutralizer

This is a water soluble odor counteractant that chemically neutralizes stale fire and smoke odors, cooking odors, mold & mildew odors, and many others by eliminating their presence through micro-encapsulation. Prosmoke continues to work long after the initial pleasant fragrance has dissipated. Prosmoke is excellent for use in routine mopping and cleaning, carpet shampooing or a simple hand sprayer. For longer lasting odor neutralizing, fogging/humidifying and treatment of HVAC filters is recommended.

SPOTTERS

Coffee Stainoff

Coffee & Tea Stain Remover

A select blend of bacterial cultures designed specifically to digest organic compounds associated with tea and coffee stains. Because of the nature of this product, it is great for everyday cleaning also. In most cases stains disappear within 20 minutes. For tougher more persistent stains cover the area with a damp cloth after application and allow the spot to remain wet for 5 to 8 hours to help digestion.

D-Brown-Pro

Tannin & Browning Control

TopCare® D-Brown-Pro a mild acid product that removes browning and most tannin stains, neutralizes alkali residues and serves as an overall acid spotter. May be added to cleaning solution to prevent browning.

De-Zov-All

Citrus Solvent

The original citrus solvent solution, removes grease, tar, wax, adhesives, lipstick, gum, oil and much more. Product may be used undiluted or mixed with up to 40 parts water for general cleaning or traffic lane pre-treating. Care should be taken to dilute with water prior to spraying on carpet. This product is totally biodegradable, organic and phosphate free. This product is available in both clear and amber color.

Gel-Zov™

D-Limonene Gel Spotter

Simple to use, versatile all-purpose gelled spotter. Unique solvent and detergent formula easily removes gum, adhesives, tar, oils, grease, ink, marker, and more. It remains on the carpet surface for effective stain removal. Gel-Zov rinses easily with water.

Ink-Off

Ink & Stencil Remover

Ink-Off penetrates and removes common ink spots faster and better. It can be used on carpets, upholstery, fabrics, and hard surfaces. Ink-Off has a pleasant scent and rinses easily with water.

Java Jinx

Ready to Use Coffee, Tea and Tannin Stain Remover.

This product has been specifically formulated for the removal of coffee, tea, tobacco, browning stains, rust and leaf stains from synthetic carpets and hard surfaces. Its specialized formulation contains several active stain fighters with complex blends of surfactants and reducing agents that act quickly to break down organic material and dissolve residues away leaving the treated area soft and clean.

Just Like Magic

Two Step Stain Remover

An easy to use 2 shot stain removal system that works like magic on hard to remove stains and discolorations like coffee, tea, urine, fruit juice, red wine and many other materials. **Just like Magic** isn't magic, it's the next generation of stain removal chemistry!!!!!!!

Peerless Stain Remover

RTU Spotter

An all-purpose stain remover for Iodine, Betadine, grease, blood, grass, chocolate, latex paint, oil, grime and catsup. This product acts quickly to turn those problem stains into a thing of the past. Works equally well on carpets, rugs, upholstery and laundry. Just apply directly from bottle to stain. Product instantly starts working and most stains just disappear. For heavy soils some blotting may be necessary.

Pet Stainoff

Pet Stain & Odor Remover

A bacterial enzyme chemical blend designed for the removal of stains and odors from fabrics or hard surfaces by bacterial digestion. Designed specifically for urine or fecal matter. This product may be diluted up to 1-4 with warm water for spotting, or 1-10 for use in place of standard shampoos or detergents for extremely bad odor problems.

POGO

Water Free Spotter

A versatile non-volatile dry spot remover for paint, oil grease, gum, shoe polish, glue, nail polish and a wide range of organic spots. Moisten a clean rag with POGO and blot the spot.

Professional Spotter

Spotter Ready-To-Use

A industrial grade spotter and stain remover that is powerful, yet safe for home use. Lifts spots and stains from carpet, upholstery and most hard surfaces. Label can be customized by the purchaser making it an ideal customer gift.

Rust Out

Rust Stain Remover

A quick and effective way to remove rust stains from carpets and floors. Apply to stain and agitate lightly. This product is organic, biodegradable and non-fuming.

Soil-Out

Filtration Soil Remover

This thick viscous cleaner gently soaks deep into the fiber of the carpet. Use this product around the edges of outside walls, under doors and around heating vents. Carbon bases soils are held tenaciously to the carpet in areas where air passes rapidly through the fibers. Apply Soil-Out directly to the area and agitate with a brush or broom. Rinse and extract.

Speedy

Powdered Stain Remover

A quick and effective stain remover only active for a very short time so only mix what is needed. Designed to remove coffee, tea, and reverse browning. Dissolves quickly. Use at a rate of 4 tablespoons per quart.

Stain & Odor Buster

Powerful Odor Destroyer

Stain & Odor Buster (SOB) harnesses the natural power of our atmosphere to destroy foul smells and stains without the use of heavy perfumes. When it come to cleaning this product is one tough **SOB**.

Stain Blaster

High Speed Food Dye Remover

This is a revolutionary new chemical blend that will safely remove Kool-Aid, fruit punch, shoe polish and all food base dye stains. Simply apply Stain Blaster to the stain and watch it fade before your eyes. Some stubborn stains may need to be treated with the "heat transfer" method, but most stains will just disappear. Makes varnish and furniture stains almost disappear. This is a 'ready to use' product and should not be diluted.

Stainoff

Food Dye Remover

The original process for removal of food and beverage stains from carpeting. This product safely removes Kool-Aid*, fruit punch, shoe polish and soft drink stains. Each quart can remove 15-20 average size stains.

StainOff Deluxe™

Two Part Red Food Dye Stain Remover

The StainOff Deluxe process is able to remove red food stains without bleaching or altering the color of carpet fibers. StainOff Deluxe is designed for food and drink stains, however, you will find it to be effective on many other stains including Rust, Mold, Coffee/Tea, and Etc.

Yellow Out

Urine Stain Remover

A specially formulated product that uses the power of nature from to quickly remove urine stains from carpet and upholstery.

Stone, Masonry, & Concrete

Concrete Cleaner

Powdered Cleaner

This is a high alkaline powder for scrubbing concrete. It works great for garages, gas stations, poultry plants or warehouse cleaning. Cleans grease, oil, dirt, tire marks, etc. Just sprinkle product onto wet floor. Scrub with a stiff bristle brush. Let stand for a few minutes, then rescrub floor with a brush. Rinse thoroughly. Product is free rinsing and non-dusting.

Concrete Restorer

Liquid Cleaner and Rejuvenator

Concrete Restorer is a concentrated blend of acids, chelating and wetting agents. It is formulated to remove deep down soil, grease and stains from concrete. Blended with mild non-etching acids, Concrete Restorer can safely be used on architectural smooth finished concrete, textured, exposed aggregate and all types of masonry with equal results.

Equip Clean

Concrete Residue Remover

This product is concentrated acid solution containing surface-active wetting agents, penetrating agents and surface conditioning agents. It can be safely used for cleaning equipment, tools and ready mix transit trucks. At the recommended dilution ratio this product is safe on painted and unpainted surfaces.

Graffiti Protect SR

Silicon Rubber

Graffiti protect is designed to be a clear, long lasting penetrating graffiti protection and sealer for use on variety of surfaces including: concrete, brick, stucco, block and tile. This product fills voids in porous surfaces and minimizes the graffiti penetration, thus allowing for the graffiti removal with an approved cleaner and low-pressure water spray.

Graffiti Remover KX

Water-Based Graffiti Remover

Graffiti Remover is heavy duty, viscous, water-based alkaline stripper for alkyds, enamels, acrylics and lacquers. For graffiti, it can remove most spray paints, inks, crayons, etc. Specially designed for use on masonry and concrete surfaces, this product is a slow acting stripper in which the active ingredients penetrate deep through multiple layers of the coating to soften and lift them for easy removal.

Marble Kleen

Liquid Marble Cleaner

Marble Kleen is a biodegradable, water-based, non-acidic, liquid concentrate cleaner, designed to remove grease, grime, soil, dirt, soot, carbonized oil and other surface contaminants from marble surfaces, polished or unpolished. Just apply the concentrated solution to the marble surface using a brush or sprayer. Allow to remain on the surface for 5 to 15 minutes. Sponge rinse the surface thoroughly using fresh water. Marble Kleen can be diluted up to 3 parts of water for light to medium duty cleaning.

Marbleous

Marble Sealer and Finish

Marbleous is a ready to use water based stone sealer and finish that preserves and enhances the original beauty and richness of all types of polished and unpolished stone. Marbleous will adhere to Marble, Granite, Terrazzo, Quarry Tile, Terra Cotta and Slate. Stones finished with Marbleous are resistant to food and chemical stains.

Safety Acid Cleaner

Mild Acid Cleaner

Safety Acid Cleaner is a highly versatile blend of acidic and chelating agents for efficient and safe cleaning of variety of surfaces, such as concrete (Pre-cast, exposed, block, pavement), masonry, tile (glazed and unglazed). It will remove light to medium rust stains, surface soiling, soap scum and hard water deposits.

Sheen C-40

Semi Permanent Sealer

Sheen C-40 is a new generation water-based acrylic emulsion sealer that penetrates the surface of concrete and masonry and forms a water repelling, protective barrier. Sheen C-40 dries to a clear, high sheen (wet look) water repellent finish. Sheen C-40 is extremely durable, will not discolor in moisture and is ultra-violet resistant making it suitable for both interior and exterior applications. This product is ideal for sealing concrete floors, stained and acid stained concrete, exposed aggregate, stucco, Saltillo tile (Mexican tile) and cementitious grout.

Siltex 444

Premium Stone Impregnator

This is a silicone protector for polished and unpolished natural stone and marble surfaces. It repels water and oil from these highly decorative surfaces. Keeps graffiti from penetrating. Penetrates deep below the surface! Does not produce a shine! Does not make the surface more slippery.

Skid Off

Tire & Rubber Skid Mark Remover

Skid-Off removes rubber skid marks from concrete floors left behind by forklifts without damaging the concrete. Product contains no flammable solvents and has pleasant scent.

Stone Impregnator 407

Penetrating Masonry Sealer

Stone Impregnator 407 is a water based, fluoro-chemical treatment that penetrates into porous stone floors and grout preventing oil and water based soils from penetrating the surface. By keeping the stain and soil on the floor's surface, this product protects the floor and makes it easier to clean. This product will not alter the grout or stone's natural appearance and does not require special maintenance.

Tile and Grout Restorer

Non-etching Acidic Restoration Cleaner

This acid based cleaner is built with new technology in surfactants and other cleaning agents to rapidly clean and brighten tile and grout. If the tile and grout is heavily encrusted with soil or has had floor finish applied, it should first be cleaned and stripped. After rinsing the surface, apply Tile and Grout Restorer directly to the surface with a sponge or mop. Allow this to dwell. Rinse the surface with clear water.

Tile Whiz

Alkaline Tile Cleaner

A heavy duty, high alkaline, tile cleaner and degreaser concentrate. This water-based cleaner is extremely effective in removing grease, oil and soils from glazed and unglazed ceramic tile, saltillo and quarry tile as well as concrete, brick, and porcelain.

X-Pell SS

Penetrating Water Repellent

X-PELL SS is a water based oligomeric Silane/Siloxane blend resin; the extremely small molecular structure of the sealer permits maximum penetration into the mineral substrate to achieve water repellency.

SUPER CONCENTRATES

S29 Bacteria Concentrate

A unique concentrated bacterial/enzyme product that, after dilution, is recommended for: Hospitals, nursing homes, schools, prisons, apartments, funeral homes, kennels, clinics, grease traps, drains lines, down pipes, porta-toilets, septic tanks, recreational vehicles, marinas, sump-pumps, and wet wells.

S14 Carwash Concentrate

A super concentrated, high quality cleaner. High detergency and high sudsing multi-purpose product. Effective at low use concentrations. Non-abrasive and easy on the hands.

S46 Degreaser Concentrate

Heavy Duty Concentrated Degreaser

A Super heavy duty, alkaline, solvent based cleaner and degreaser with a pH of 12+. Works great to remove grease, grime and dirt. Safe for use if instructions are followed. Product may be diluted with as much as 200 parts water. Our best product for use in a pressure washer.

S17 Extraction Cleaner Concentrate

A concentrated liquid extraction cleaner specifically designed for use in standard water extraction carpet cleaning equipment. Breaks down tough dirt and grime. This formula is highly concentrated and can be used in truck-mounted equipment. This product is designed to act quickly and effectively against dirt, grease and oil.

S40 Metal Interlock Floor Finish 39% Concentrate

A concentrated premium metal interlock floor finish that has been proven to exceed industry standards for durability, slip resistance, and non-yellowing properties. Dries to a very bright gloss and maintains easily with spray buffing or high speed burnishing. One gallon covers 2000 square feet.

S41 Ultra High Floor Finish 40% Concentrate

A concentrated economical metal interlock floor finish that has been proven to exceed industry standards for durability, slip resistance, and non-yellowing properties. Dries to a very bright gloss and maintains easily with spray buffing or high speed burnishing. One gallon covers 2000 square feet.

S42 Floor Sealer Concentrate

Formulated to produce a durable seal when used with today's high solids formulas. This produce will enhance the saving advantages of floor finishes. This durable seal dries quickly for faster recoating. We recommend this product to be used in conjunction with our floor finish products.

S43 Non-Ammoniated Floor Stripper Concentrate

An excellent, non-ammoniated, odorless, no scrub stripper. For stripping use at a ratio of one to four with water. Emulsifies most finishes with ease. For light cleaning, product may dilute as much as 1-10.

S44 Ammoniated Floor Stripper Concentrate

An excellent ammoniated stripper this product works on all product areas no scrubbing unless heavy buildup is apparent. For stripping use at a ratio of one to four with water. Emulsifies most finishes with ease. For light cleaning, product may dilute as much as 1-10.

S16 Glass Cleaner Concentrate

This concentrated glass cleaner is an advanced formula containing special cleaners that "wick" into the cleaning cloth and evaporate completely to leave a non-streak, squeaky-clean surface. Quickly removes fingerprints, grease, and other soils.

S13 Hand Soap / Dish Detergent & Car Wash Concentrate

A super concentrated, high quality cleaner. High detergency and high sudsing multi-purpose product. Effective at low use concentrations. Non-abrasive and easy on the hands.

S23 pH 7 Floor Cleaner Concentrate

A concentrated neutral detergent, multi-purpose cleaner designed for use on floors, terrazzo, tile or general cleaning. Used under normal conditions this product will not cloud or strip the existing finish.

S12 Rotary/Bonnet Shampoo

A high concentrated for rotary and bonnet type applications. A pleasant scented organic carpet shampoo, which is designed to be equally effective in hot or warm water. This concentrated product can be safely used on carpets, rugs, furniture, upholstery, automotive carpet and most fabrics. This product is biodegradable and contains optical brighteners, copolymers, water softeners, and stabilizers for effective results on natural and synthetic fibers. Cleaning action is provided through the use of modified detergents rather than strong alkaline booster compounds. This product dries freely and completely.

S45 Spray Buff Concentrate

This modern formulation has been designed to work in conjunction with high or low speed buffing procedures. Use of this product will prolong the life of floor finishes, thus cutting down on time spent on applying floor finishes. This product is non-yellowing, and creates a scuff resistant gloss finish. It has been designed to speed maintenance of hard floors and allow quick and easy results.

S35 Traffic Lane & Upholstery Cleaner Concentrate

A highly concentrated traffic lane cleaner and pre-spray for use on carpet and upholstery prior to cleaning. Rapidly dissolves most water and oil based stains, including grease.

WEED KILLERS

Showdown

Glyphosate Based Weed Killer

This product is a non-selective grass and weed killer which, when absorbed by contacted foliage, is carried throughout the stems and roots to give complete kill of tough annual and perennial grasses and weeds. Ready to use! Similar to Roundup!

Showdown Plus

Concentrated! 18% Glyphosate Weed Killer

A concentrated version of Showdown, a non-selective grass and weed killer which, when absorbed by contacted foliage, is carried throughout the stems and roots to give complete kill of tough annual and perennial grasses and weeds.

Total Kill

Concentrated Vegetation Killer

This product provides effective non-selective weed control on non-cropland areas such as parking lots, fence rows, railroad sidings, drainage ditch banks, and around buildings or industrial sites where bare ground is desired, a wide variety of annual and perennial weeds and grasses are controlled on the above sites. 10:1 concentrated Prometon!

Wipe Out

Petroleum Based Triple Kill & Semi-soil Sterilant

This product is a specially formulated non-selective vegetation killer for controlling a wide range of annual and perennial weeds and grasses. Not to be used around desirable plants or trees. Sterilizes the soil! Nothing will grow for at least one growing season.
